Dated: 01-14-04

#### ADDENDUM NO. 3

## NORTH 48<sup>TH</sup> STREET TRANSFER STATION SPECIFICATION NO. 04-015 CITY OF LINCOLN PROJECT NO. 701293

Notice to Bidders:

Contact Speece Lewis Engineers

to obtain revised sheets 2 and 21

Plan Revisions:

at 402-483-5466.

Enclosed are revised sheets 2 and 21. Revisions were made as noted on the sheets. Also enclosed is a revised sheet 8. The quantity of the 8" P.C.C. Concrete Pavement was revised to 1141.00 Sq. Yards.

### Clarification:

The 12" reinforced concrete which is being placed above the main retaining walls will be paid for as Concrete for Reinforced Concrete Loading Dock (In-Place) and Reinforcing Steel for Reinforced Concrete Loading Dock (In-Place)

All of the concrete and steel for the loading dock for the building will be paid for as Concrete for Reinforced Concrete Loading Dock (In Place) and Reinforcing Steel for Reinforced Concrete Loading Dock (In-Place). This includes the dock, the walls and the ramp. This does not include concrete and steel for the footings and slab under the building.

Please attach Addendum No. 3 to the inside cover of your bid proposal as evidence that Addendum No. 3 has been received and sign, date and fax this sheet back to Tim Farmer at (402)-483-1722 as proof the Addendum has been received. Failure to do so could result in rejection of your bid.
